Hunger in Kentucky

700,000 Kentuckians – 1 in 6 – are food insecure.

This means they do not always know where their next meal will come from.

Food bank clients report having to choose between paying for food and paying for utilities (67%) and medical care (69%).

91% of food bank clients purchased inexpensive but unhealthy food as a coping strategy to put food on the table.

77% of Kentuckians believe that hunger in Kentucky is a serious problem.

Farms to Food Banks

The Farms to Food Banks program increases the consumption of fresh, nutritious produce among hungry Kentuckians, reduces the amount of wasted food and helps Kentucky farmers to recover their losses.

Ky Kids Eat

The Ky Kids Eat campaign works to end childhood hunger in Kentucky by connecting kids to healthy food 365 days a year.
