This agreement is **NOT a contract guaranteeing a business transaction between Feeding Kentucky and the Seller.*

By signing this form, I verify the following:

1. Product Origin and Program Intent

All agricultural products for which I request payment originated from my Kentucky farming operation in the county listed above. I understand this program is intended to provide an outlet for surplus or otherwise unmarketable products, not for items raised specifically for the program.

2. Pricing

Prices are intended to cover harvesting, packaging, and delivery costs. If the price listed on an invoice exceeds the current market price, Feeding Kentucky reserves the right to reduce the invoiced amount for the item(s) in question.

3. Invoice Requirements

I will submit a written invoice with each delivery that includes my contact information; product type and grade; unit size; number of units; price per unit; total price; and total amount due. Deliveries made without a written invoice, or items not listed on the invoice, will be considered a donation.

4. Delivery Scheduling

Deliveries must be scheduled at least 24 hours in advance by calling **(502) 209-9104** or emailing farmers@feedingky.org. Unscheduled deliveries will be refused.

5. Product Quality

All products delivered must be fresh (not likely to spoil within 48 hours of delivery), meet Grade 1 or Grade 2 USDA standards, and comply with applicable food safety requirements. At the sole discretion of the receiving food bank, products deemed unacceptable will be deducted from the invoice, and I will be responsible for disposal. If product is determined to be spoiled within 48 hours of delivery, I may be billed for disposal fees.
